SALON NEWS, INFO & OFFERS

CUTTING EDGE
Unisex Hair & Beauty Salon
Est 1994

Well, we are only half way through the year and what a 6 months it's been. As we all know too well, life as we knew it has changed dramatically, in the midst of the Coronavirus and in line with government guidelines we sadly had to close our doors at the end of March. 4 long months have gone by and we know that without the salon experience many people have been indulging in a little hairdo DIY to see them through the lockdown. At Cutting Edge we all know how important your hair is; its never just a cut or colour - its a morale boost, a symbol of confidence, a way to feel good about yourself and regain your spirits when life gets tough. We are looking forward to giving that back to you and we can't wait to get back to what we love doing best.

We have missed the buzz of the salon, the camaraderie of our colleagues and the comforting chatter with our wonderful customers. We have a lot to catch up on and are super excited to see and hear what you have all been up to. Here's to our own special countdown to seeing you all again very soon.

We are expecting a very high demand of clients within the first few days of opening. If you have made an appointment and can no longer attend please let us know as soon as possible so we can accommodate someone else. Thank you

PROTECTING ALL OF US!

Following government guidelines we have put measures in place to help prevent you and us catching or spreading Covid19. Please comply by these rules to help us carry on giving you the best service possible.

We have safety perspex at the nail bar & desk so we can clearly see and hear you while giving you the same best service as usual.

Hand sanitiser is available to use but as per government guidelines washing hands with soap for 20 seconds is preferable. Please do this in our washroom when entering the salon.

We will all be washing our hands between all clients.

As the salon has a fairly large area all chairs will be kept 2 meters apart.

The basins are separated with plastic so there is no contact with the person sat next to you.

Do not come in if you feel unwell with corona virus symptoms.

We have a very strict cleaning routine in normal circumstances, but now even more so. Every styling station, basins & all chairs will be cleaned with anti bac after every use.

Try to arrive on your appointment time, we will try our very best to keep to time but please bear with us if we are running late. If however we do keep you waiting we shall let you know when you arrive if you can wait inside the salon, (the waiting area can only accommodate 3 clients while social distancing) so you may need to wait outside.

Everyone will be supplied a disposable gown to wear, you can remove this yourself and dispose in our bin supplied.

Unfortunately we will not be serving our usual menu of complimentary drinks or supplying magazines.

Face coverings will be supplied to be worn at the backwash while facing up towards the stylist.

On busy times we shall make use of the back door and operate a oneway in and oneway out system to avoid passing others.

If you feel anxious about coming in please let a member of our team know and we will try our best to help.
